PLANS ACCEPTED

Board of Regents Accept Plans of Denton School District at the Hotel Calumet Tuesday for the purpose of accepting plans for the building for the State Industrial school. They did not go through till about 3 o'clock yesterday morning, but when they did adjourn they had accepted the plans of Dodson & Scott of Waco. Mr. Dodson of the firm having been the architect of the count house.

The plans as accepted call for a handsome structure of limestone and brick three stories in height. The style is of the classic design and are for a main building with two wings the wings however, not to be constructed until later. The main building is to be 115 feet wide, 115 feet deep and ninety-six feet high to the top of the dome surrounding the center.

The front elevation of the building was put on exhibition at the store of John A. Hann & Co. yesterday and attracted much attention throughout the day.

The architects are now busy getting ready the working plans, and as soon as they are finished the regents will advertise for bids for the erection of the building.

There were a multiplicity of designs exhibited to the regents, nine architects submitting plans and designs. The designs were heard by the regents from 1 o'clock Tuesday afternoon to 6 o'clock, and as stated above, the successful bidder was not decided until 3 o'clock yesterday morning.

Work will be begun as soon as a bid therefor can be accepted.

BASEBALL TODAY

Pilot Point Plays at the D. A. C. Park Today Against Athletics.

The Pilot Point team, much strengthened since its last visit to Denton, plays the D. A. C. team at the latter's park on East Hickory street this afternoon. The game will be called at 4:15 instead of at the usual hour of 4, so as to give the Denton men an opportunity to get on. Francis and Timmons will be in the points for the Pilots. Corbitt, which defeated the locals last year, will play two games here next week, Thursday and Friday, the tenth and eleventh. Berenge for last year is what the locals are not after, while Corbitt wants to repeat the feat of last season. They will bring new games, a big crowd of "rooters" and friends to help them along to a win. The games will be called at 5 o'clock each day.

Social

The ladies of the First Christian Church gave a rock solid on last Friday evening at the residence of Dr. C. G. Lippe. The affair was a complete success, socially and financially, there being a large number of guests. There was no program arranged except a violin solo, which was rendered by the Misses Owsley. Refreshments of ice cream and cake were served to the guests.
